Q-Link® This Month

Congratulations, RabbitJack! RabbitJack's Casino®, Q-Link's Vegas-style, multi-player gaming mecca, celebrates its third anniversary in April. Even if you're not a regular Casino player, you might want to spend some time at the slot machines this month — find out why on page 4.

Our featured Computing Support Group for April is the Programmers' Workshop, where you can learn to create and customize software to suit your specific needs. SysOp Picks return to the Update on page 11, and will continue to appear on an occasional basis. On pages 8 and 9, discover how Q-Link can help you expand the horizons of your imagination in its space and science fiction areas. If you're looking for excitement online, Q-Link is the place to be!

As a Q-link member, you can also:

- **Get the scoop on new software before you buy** with the Software Buyer's Guide, and with demonstration programs you can download and try on your own computer.
- **Download thousands of public domain and shareware software programs** from Q-Link's software libraries.
- **Make your airplane, hotel, and car rental arrangements** online with American Airline's EAAsy Sabre℠ Travel Service.
- **Stay informed on the top news of the day** with stories from USA Today℠ and eight of the world's largest news wires.
- **Make smart financial decisions** with advice from experts and single stock quotes at your fingertips.
- **Look up facts in seconds in an online, up-to-date encyclopedia**, and send your children to online classes and tutoring sessions with professional teachers.
- **Chat with people from across the country who share your interests**.

If you aren't already a Q-Link member, simply call our toll-free number, 1-800-782-2278, Ext. 2423, and we'll rush you your Q-Link software package. For just $9.95 per month, you're entitled to unlimited use of our Basic Services, a free hour's use of our Plus Services each month (a $4.80 value), and a subscription to the *Q-Link Update*.

See you online! A whole world of fun, games and information is waiting for you! - *Marshall Rens*

RabbitJack's Casino

Win a Compact Stereo System For RJC's Third Anniversary!

CINDY STILWILL

RabbitJack's Casino marks its third anniversary this month! In honor of three years of rollicking Casino fun, the QRJ's are working extra hard to celebrate in style — and give you a chance at some great prizes!

RabbitJack's "wascally welatives" are on the loose again — the bunnies are running wild among the slot machines. They're too fast to catch, but if you see one jump into your slot row and run away, send RabbitJack E-Mail with the date, time, and slot row where you saw the bunny. He'll enter your name in a drawing for the anniversary Grand Prize, a dual-cassette compact stereo system!

Also during the anniversary month, you'll have the opportunity to win extra chips and prizes at all the regular Casino events.

On **Mondays**, join the Big Bunny himself for RabbitJack Plays the Blues at 8 p.m., then Wipeout at 10. **Tuesdays**, cut loose for Poker Specials at 8 and play Knock31Poker at 10 p.m. Stay up late on **Wednesdays** for everyone's favorite game, Insomniac Bingo — if you're a real insomniac, you can join other sleepless souls for both the 10 p.m. and Midnight games.

Be sure to bring lots of chips to RedDog BlackJack **Thursdays** at 11 p.m. for some grueling competition, and **Fridays**, it's double the fun with Double Wild Poker at 11 p.m. Don't forget Hearts Alive! on **Saturdays** at 11, and on **Sundays**, join the Bingo Bandits at 3 p.m. and the one-armed banditos for Slots of Craps at 9.

Remember, all the times listed are Eastern time. For details on these events and all the other regularly scheduled Casino activities (and game rules), check the Casino Club in Just For Fun's Gaming Connection. Then join RabbitJack for a month-long anniversary party, and good luck!

Yo Night Owls!

Is Insomniac Bingo just the start *of another late evening for you? RabbitJack keeps the fun going into the wee hours each weekend. Check out the Late LATE Show from 3 to 5 a.m. on the third Sunday of each month (that means Late LATE Saturday night). Leader of the Pack is on the first Sunday of the month from 3 to 6 a.m., and MOE Late Night Bingo is from 3 to 6 a.m. on the second and fourth Monday (that's late Sunday night). Grab a strong cup of coffee and join us!*

People Connection®

The Cavalcade of Comedy Showers You with Laffs!

"SADIE"

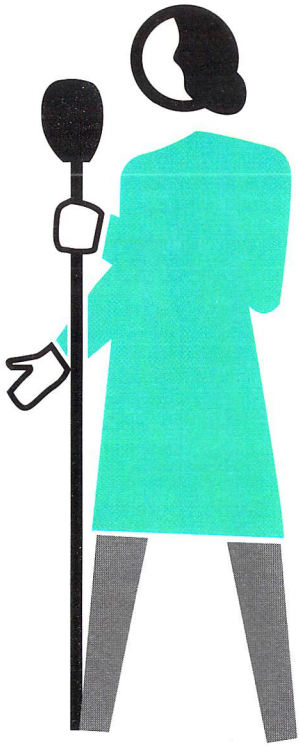
Take a break from your taxes for some yuks this month — it's raining jokes in People Connection's **Cavalcade of Comedy** area, located in Just For Fun's QSociety.

We're sponsoring the first annual **QSociety Funny File and Joke Contest!** Have you got a humorous collection of jokes, top ten lists, puns or bloopers lurking among your floppy disks? Maybe you've always wanted to be a stand-up comedian but don't like the idea of dodging rotten tomatoes onstage. Now's your chance to try out your material from the safety of your own home (pseudonyms are welcome). Round your jokes up on disk and upload them to the Funny File Contest area, and your treasure trove of teasers could win you ten free hours and a spot in the Q-Link Comedy Hall of Fame.

After you've shared your comic collection with us, scan our own hoard of hilarity — the Cavalcade of Comedy's **Best of the Jest** board.

You'll find some of the funniest lines of your favorite comedians, like George Carlin, Steve Martin, Steven Wright, Jerry Seinfeld, Monty Python, and more!

Best of the Jest will also offer a series of tributes to the greatest comedians available in a special "best of" compilation.



The Joke's on WHO? April 1

You say you don't have a collection of funny material fermenting on your floppies? Don't despair — in honor of April Fools' Day, you're invited to participate in the **People Connection Prank Contest!** Just share the most dastardly tricks you've played on poor, unsuspecting friends. The judges will award the craziest caper five free hours.

Prove to your friends online that Jack Nicholson isn't the only Joker they know — get a big dose of the best medicine there is this month with the Cavalcade of Comedy!

SPACE
or Space Fantasy?

The Sky's the Limit on Q-Link

Space — to roll out the well-worn cliche, it's the final frontier in our efforts to understand the world beyond our daily experiences. Nearly all of us give free reign to our imaginations from time to time. Whether you prefer your musings about the stars with a down-to-earth approach or a touch of fantasy, Q-Link provides an outlet for your interests in space and exploring the stars.

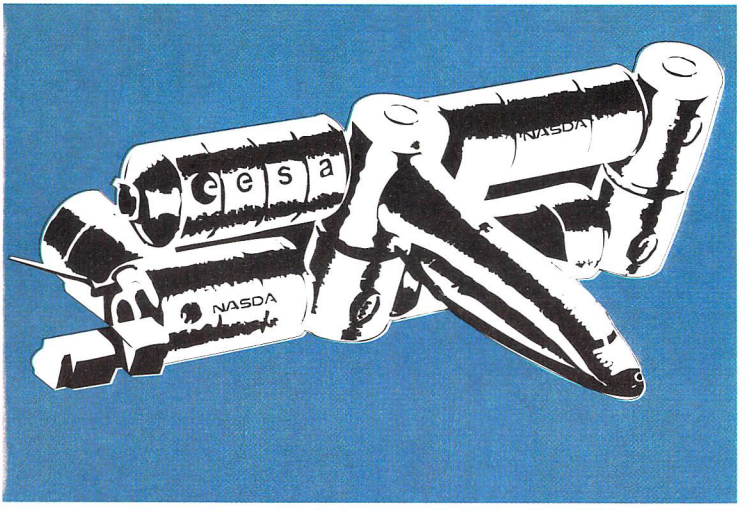
Just For Fun's Arts & Entertainment area brings you **The National Space Society**, a non-profit advocacy group dedicated to exploring all aspects of space exploration and development. The National Space Society is affiliated with NASA and counts among its supporters such luminaries as astronauts Alan Shepard and Charles Walker, ocean explorer Jacques Cousteau, and *Star Trek* creator Gene Rodenberry.

The National Space Society area brings you articles from the group's monthly magazine, *Ad Astra* ("To The Stars") that will keep you on top of developments in the U.S. space program, new technologies and robotics, planetary and interplanetary science, astronomy, and recent developments in the space and aerospace industries.

After checking out *Ad Astra*, join in the debate of international, national, and private sector space activities at the **NSS Roundtable**, a message board dedicated to discussing the funding for space programs, political issues involving the space frontier, government support and education efforts. The Roundtable is hosted by Society Program Director David Brandt, who'll also provide regular updates on NSS activities for Q-Link members.

You'll also find out in the NSS area how to access **The NSS BBS**, a national bulletin board system with news releases direct from NASA, and how to join the group, which tours launch sites and lobbies Capitol Hill during critical space votes.

MARSHALL RENS



Will our efforts to reach for the stars exceed our grasp in the decades to come? Join the 30,000-strong membership of the National Space Society, and do your part to promote exploration of what lies beyond Earth's boundaries.

(Just For Fun/Arts & Entertainment/National Space Society)

Explore Unknown Worlds In The Fiction & Fantasy Club

If science fiction's more your style, explore mysterious realms and alternative realities in the **Fiction & Fantasy Club** of Arts & Entertainment. This is the place to meet people who share your interest in science fiction, horror, fantasy and comics, to discuss movies like *Batman* and *Star Wars*, TV's *Freddy's Nightmares* and *War of the Worlds*, or the latest books by Stephen King and Clive Barker.

The Fiction & Fantasy Club is also your direct link to the highly-regarded *Isaac Asimov's Science Fiction Magazine*. This monthly publication runs stories from famous and fledgling sci-fi and fantasy writers, and on Q-Link you can read editorials online written by Asimov himself.

Right next to the Asimov area of Science Fiction, you'll find the Science Fiction Library, loaded with hundreds of files to download and browse offline. Read original short stories by club members, find out more about UFO coverups, and download scenes and digitized pictures of your favorite science fiction stories.

Science fiction fans meet regularly in **The Transporter Room** to let their imaginations run wild; Mystery fans meet in **The Magic Mirror Room**, and Horror enthusiasts in — where else? — **The Cemetery Room.** Check the Club **Announcements and Calendar** area of the Fiction & Fantasy Club for meeting times, then drop by — and drop in on worlds where anything can happen!

Customize Software to Suit Yourself in the Programmers' Workshop

MARSHALL RENS

Are you a newcomer to the Commodore keyboard or an expert computer programmer? Somewhere in between like most people? Whichever the case may be, don't be intimidated by the idea of creating software of your own. You'll find top-notch resources and expertise in the Commodore Information Network's Programmers' Workshop, located this month on CIN's main menu.

Most home programmers write programs for a specific purpose, usually to solve a problem or address a specific need. Don't "make do" with a program that's not quite what you're looking for — experience the reward of writing your own successful software!

The Programmers' Workshop offers beginners an introduction to several programming languages (the specific set of words and symbols you use to communicate your wishes to the computer). Veterans can get debugging software and program problem solutions by tapping into the expertise of Q-Link's online programming gurus, led by SysOp JL. They'll help you over hurdles you might encounter when programming, and tell you how to go about learning COMAL, a useful public domain programming language.

In the **Messages and Articles** area, you'll find commonly asked questions that have been answered in article form and added to the permanent reference area. Check here for programming tips, ML and peripheral routines, and hardware modifications, then save and print the ones you want for future reference. Have a more immediate concern and need an answer right away? Just post a message on the appropriate message board, and the group's members will come to the rescue!

The Programmer's Workshop **Software Libraries** include a starter kit, tutorials, program editors, and programming language software (look for special tutorials uploaded by Commodore expert Jim Butterfield). And if you're working on a problem routine or program, upload it to the Workshop area online for assistance from the group staff and members. They'll help you make *your* program work *your* way!

The **Programming HELP Room** is open Fridays, Saturdays,

To fight crime in Philly, people plant posies.

"The bad part of town."

Abandoned cars. Sidewalks scattered with crack vials. Bombed-out buildings.

A neighborhood whose spirit is as broken as the bits of glass that dot the street. There are only two things to do if your neighborhood becomes a war zone: give up or take action.

The Philadelphia Story

One day, in the "bad part" of Philadelphia, a neighbor complained to a neighbor. And then to another. And then to more. People didn't like their homes being "taken over." Feelings of helplessness and resentment turned to action.

They went to the police for help.

Soon a substation was established where folks could readily report crime. Weekly meetings began. Community watches started. Things started getting fixed up. Vacant lots were cleaned up and fenced. Abandoned cars were towed away. Painting and repairing programs began.

The neighborhood was cleaning itself up. The local 4-H Club even helped set up garden clubs where kids, teens and adults could work together on plants and flowers while talking over ways to raise awareness.

When people care and get involved, neighborhoods change. When a block doesn't look like a haven for crime and drugs, it won't be. And in this part of Philly, where once only apathy grew, seven gardens now bloom.

This is only one success story of many. To find out what can be done in your neighborhood, write: **The McGruff Files, 1 Prevention Way, Washington, D.C. 20539-0001.**

And help...

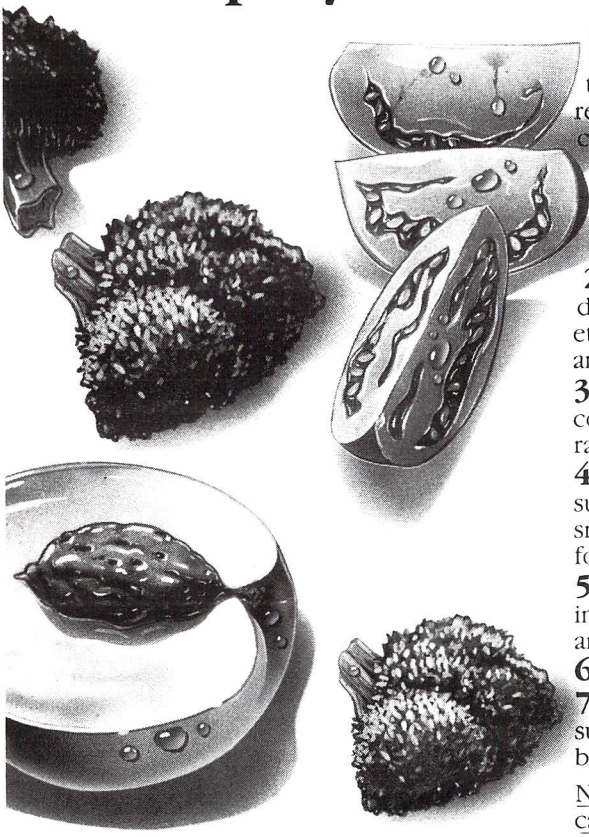
A defense against cancer can be cooked up in your kitchen.



There is evidence that diet and cancer are related. Follow these modifications in your daily diet to reduce chances of getting cancer:

1. Eat more high-fiber foods such as fruits and vegetables and whole-grain cereals.

2. Include dark green and deep yellow fruits and vegetables rich in vitamins A and C.

3. Include cabbage, broccoli, brussels sprouts, kohlrabi and cauliflower.

4. Be moderate in consumption of salt-cured, smoked, and nitrite-cured foods.

5. Cut down on total fat intake from animal sources and fats and oils.

6. Avoid obesity.

7. Be moderate in consumption of alcoholic beverages.

No one faces cancer alone.

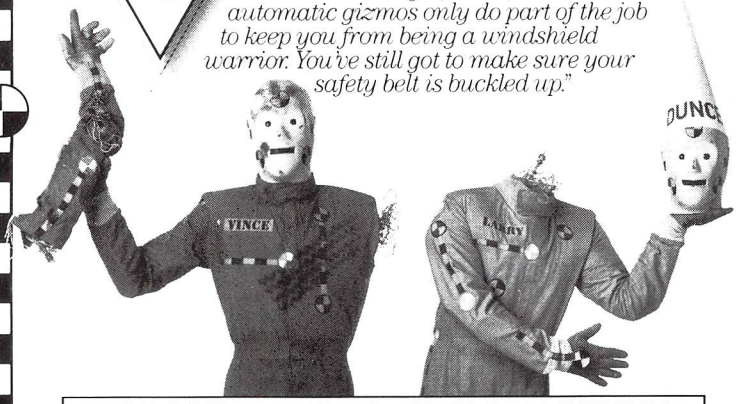
TAKE VINCE AND LARRY'S CRASH COURSE IN SAFETY BELTS.

LESSON NO. 1

"As you know, Larry, pretty soon all cars will come with automatic safety belts or air bags—and I don't mean your mother-in-law!"

"That's right, Vince, but these new automatic gizmos only do part of the job to keep you from being a windshield warrior. You've still got to make sure your safety belt is buckled up."



YOU COULD LEARN A LOT FROM A DUMMY. BUCKLE YOUR SAFETY BELT.
